n35 GPS: Acer n35 - Enhanced navigation in your pocket

The new Acer N35 is a complete navigation system on the palm of your hand: Stylish, compact, powerful. The Acer n35 is based on a Pocket PC that utilises Microsoft® Windows® Mobile 2003 Pocket PC Premium Edition and boasts a powerful processor and integrated GPS. Simply turn the Acer n35 on, flip up the antenna, insert the 256 MB SD-Card that holds “map’n’app”and off you go. Destinator 3 with regional map data of the UK & Ireland comes pre-installed on the SD-memory card. European maps can be unlocked via additional subscription. Use your n35 navigator to plan your route ahead for your next appointment and never be late. Optimise your trips and once on the road, get warned for speed limits. Voice prompts and different views will make your journey more comfortable and on it’s bright 3.5”; LTPS TFT screen, you won’t miss any detail. Get inspired by thousands of POI (points of interest) to find the nearest restaurant, hotel, museum, facility or, on very long trips: Gas or service stations. In addition to a fully professional navigation system you hold a full office and entertainment studio in your pocket. Easily navigate to your favourites or any contact you stored and/or synchronized to Microsoft® Pocket Outlook® Pocket Outlook®. Once arrived work on Pocket Word® & Pocket Excel® sheets or read your emails. Coming back from your business trip, enjoy your favourite music and share some pictures and moments with your friends and family.No matter if you find your way by car, motorcycle, bike or as pedestrian, fully integrated the n35 never bulges your pockets and at just 165g, it will take you wherever you want to go. So, wherever you need to go, getting there was never as easy and pleasant as today!

d100 Portable Navigator: Acer d100 Portable Navigator – Enjoy your trip!

The new Acer d100 is a complete portable car navigation system that meets your mobile needs: Easy, intuitive and powerful. Out of the box, it helps you in a “3-Step-Setup” to find your way, wherever you need to go. As a true mobile solution, the Acer d100 Portable Navigator follows you wherever you need to go. Designed for pure fingertip-operation, it can be used simply via touch-screen or the front buttons. The bright 3,5” TMR screen will always give you an optimal view - even in direct sunlight – where you are and where to go, combined with a clear and powerful loudspeaker and accurate turn-by-turn voice instructions. Acer d100 even follows your language preferences, as it speaks Europe’s 5 main languages (further languages downloadable). Powered by Destinator ® DS navigation software combined with latest Navteq maps and latest

integrated GPS technology, it helps you find your way all over Europe from door-to-door (even cross country function is supported in the European version). Either in your car or at your desk, plan your trip ahead by defining multiple waypoints and destinations, chose quickest or shortest route to be more economic and even decide whether to avoid toll roads. Get inspired by thousands of POI (points of interest) to find the nearest restaurant, hotel, museum, facility or, on very long trips: Gas or service stations. Optimize your trips and once on the road, get warned for speed limits. Arrived at your destination, you can even use d100 in pedestrian mode. Store you business contacts or friends' details in the Acer d100 Portable Navigator contacts database and find your way with one fingertip. Combined with a Notebook or PC it even allows you to easily exchange them between your d100 and Microsoft® Outlook ® via ActiveSync® 3.8. On top of a fully professional navigation system, Acer d100 brings along a picture viewer and mp3-music player. So, coming back from your business trip or going to the beach, enjoy your favorite music and share pictures and moments with your friends and family. Wherever you need to go, getting there was never as easy and pleasant as today!
